EXTERIOR PAINT

ROOFGUARD

Nippon RoofGuard is a high quality and highly durable acrylic-based emulsion that imparts a smooth finish to roof tiles. It contains excellent light-fast and alkali-resistant pigments, and an effective mould-control additive to protect roof tiles. Nippon RoofGuard can be used on old and new unglazed roof tiles, cement-fibre sheets, concrete- or cement-fibre pipes.

SOLAREFLECT

SolaReflect is a high quality stretchable exterior wall paint that reduces heat build up by reflecting infra red light from the coated surface. A better paint for cooler homes. It can reduce surface temperature up to 5 degree Celsius, SolaReflect allows more infrared heat to be reflected away and less getting into your home.

WEATHERBOND

Specially formulated to protect your home against the elements, this durable exterior wall paint gives your exterior walls a tough yet lustrous finish. With strong resistance to dirt, algae and fungus, Weatherbond exterior wall paint also guards against fading and chalking, keeping facades looking new for longer.

INTERIOR PAINT

3-IN-1 MEDIFRESH

Nippon Paint 3-in-1 Medifresh anti-bacterial paint has a special anti-bacterial formula, which offers protection from harmful bacteria such as MRSA, E-Coli and Staphylococcus Aureus. It is a long-lasting coat that promotes better hygiene and health, while keeping the surroundings clean and fresh.

EASYWASH WITH TEFLON

Premium washable paint cleans off stains easily

ODOUR-LESS PAINT

Odour-less paint.

PAINTS CATEGORY

BODELAC UNDERCOAT 9000

Nippon Bodelac Undercoat 9000 is a high opacity and high solid undercoat that will effectively hide the substrate and impart a good film build to the overall coating system. Widely used as an undercoat over timber and metal.

VINILEX 5101 WALL SEALER

Nippon Vinilex 5101 Water-Based Wall Sealer is suitable for masonry surfaces. It is formulated to prevent deterioration of emulsion paints by alkalinity of surfaces. This wall sealer is recommended for use in both interior and exterior plastered walls, ceilings, plaster, brickwork and wall boards. Based on specially formulated acrylic it is designed to provide maximum protection against alkali and moisture, enhancing the performance of top coat.

VINILEX 5170 WALL SEALER

Nippon Vinilex 5170 Oil-Based Wall Sealer contains a superior resin/binder, effective in preventing the degradation of finishing coats by alkaline surfaces. This wall sealer contains a blend of solvents that enables it to penetrate deeply and gives a firm base for subsequent coats.

PYLOX SPRAY PAINT

WOOD AND METAL PAINT

AQUA BODELAC

Nippon Paint Aqua Bodelac is a water-based modified acrylic gloss enamel paint with low Volatile Organic Content (VOC). This new breakthrough in water-based paint technology is an eco-friendly, non-toxic alternative to conventional solvent-based alkyd paint. Aqua Bodelac is ideal for interior wood and metal surfaces such as doors and window frames. It can also be used with Aqua Primer Sealer Undercoat for trim works in various substrates like masonry, primed timber and metal. Easy to apply, quick drying, and easy wash-up with water, Aqua Bodelac is the excellent choice for a hassle-free paint job.

PAINTS CATEGORY

BODELAC 9000

Let it shine with Nippon Paint Bodelac 9000, the super gloss paint with a bright, tough finish. With its striking, intense colours, this brilliant super gloss enamel paint makes it easy to give metals a warm glow, or wood a cool, glossy finish. Providing excellent coverage and fungus resistance, Bodelac 9000 is perfect for use on primed wood and metal surfaces, both internally and externally.

SOLARSHIELD

Nippon SolarShield is a durable pigmented wood varnish that provides long-lasting protection against cracking, flaking and peeling. It contains a special resin to create a water-resistant and flexible finish that highlights the natural beauty of the wood grain and filters out UV rays. Nippon SolarShield is suitable to be used on all types of new and previously painted wood surfaces.

WOOD PAINT

TIMBERCOAT

Nippon TimberCoat is a low-sheen, water-based acrylic paint that offers excellent durability and good adhesion, and contains light-fast pigments and an effective mould control additive. It is suitable to be used on exterior wood surfaces including fences, barge-boards, facias, exposed balconies, wood walls and cladding.

TIMBERLAC WOOD VARNISH

Bring the natural beauty of wood grains to life with Nippon Paint Timberlac, an interior decorative wood varnish that's perfect for new and old wooden furniture and door surfaces. Available in several attractive tints, this clear wood varnish adds colour while enhancing the natural grain of the wood, for spectacular results. It's also water resistant and formulated to prevent wood rot and mould growth.
