EXTERIOR PAINT

ROOFGUARD

Nippon RoofGuard is a high quality and highly durable acrylic-based emulsion that imparts a smooth finish to roof tiles. It contains excellent light-fast and alkali-resistant pigments, and an effective mould-control additive to protect roof tiles. Nippon RoofGuard can be used on old and new unglazed roof tiles, cement-fibre sheets, concrete- or cement-fibre pipes.

SOLAREFLECT

SolaReflect is a high quality stretchable exterior wall paint that reduces heat build up by reflecting infra red light from the coated surface. A better paint for cooler homes. It can reduce surface temperature up to 5 degree Celsius, SolaReflect allows more infrared heat to be reflected away and less getting into your home.

WEATHERBOND

Specially formulated to protect your home against the elements, this durable exterior wall paint gives your exterior walls a tough yet lustrous finish. With strong resistance to dirt, algae and fungus, Weatherbond exterior wall paint also guards against fading and chalking, keeping facades looking new for longer.
